The completion dates for tasks may be modified by a written directive; however, the Period of Performance for the Agreement may only be modified through an amendment. No completion dates shall be extended because of any unwarranted delays attributable to the Consultant. Completion dates may be extended in the event of a delay caused by the County which results in a delay in the performance of an affected task, or because of unavoidable delay caused by any governmental action or other conditions beyond the control of the Consultant, which could not be reasonably anticipated and which results in a delay in the performance of an affected task.

- C. Time Extensions. The Total Price, Period of Performance and task budgets shall not be increased because of any unwarranted delays or costs attributable to the Consultant. In the event of a delay not attributable to the Consultant which (1) delay could not be reasonably anticipated and (2) results in an increase in costs to perform the work, the County may, through the execution of an amendment, increase the Total Price, Period of Performance and/or task budget.

SECTION 2. ADMINISTRATION AND SUPERVISION

- A. COUNTY. Management and general supervision for the Project will be the responsibility of King County, Department of @.
1. The Department Director or its designee shall be identified in writing at the time of Contract execution. The Department Director and its designee are the only authorized County personnel who may sign amendment(s) and authorize changes to the Total Price, Period of Performance, and Fixed Professional Fee.
 2. An employee of the County, hereinafter called the "Project Representative," who shall be designated in writing by the County, shall perform day-to-day management of this Contract.
 - a. Unless otherwise indicated in writing by the Department Director or its designee, the Project Representative will issue notices to proceed, approve all requests for payment, authorize termination or modification of tasks, and approve in writing changes to the task budgets outlined in the Cost Summary, Exhibit B attached hereto and incorporated by reference, provided the changes do not impact the Total Price, Period of Performance, and the Fixed Professional Fee.
 - b. The Project Representative will also be responsible for determining when the Consultant has satisfactorily performed all work and for ensuring that the Consultant complies with all provisions of this Agreement, including non-discrimination and affirmative action requirements.
- B. CONSULTANT. The Consultant represents that it has, or will obtain, all personnel necessary to perform the services required under this Agreement and that such personnel shall be qualified, experienced and licensed as may be necessary or required by laws and regulations to perform such services. All services required under this Agreement shall be performed by the Consultant, its employees, or by subconsultants whose selection has been authorized by the County; provided, that the County's authorization shall not relieve the Consultant or its subconsultants from any duties or obligations under this Agreement or at law to perform in a satisfactory and competent manner. All contractual duties, requirements and obligations that the Consultant owes to King County shall also be owed to King County by the Consultant's subconsultants retained to perform the work pursuant to this Agreement. The term "Consultant" shall refer to ConsultantName and all of its subconsultants.
1. Authorized Subconsultants. The Contract shall identify in the Cost Summary, Exhibit B, the subconsultants who are authorized to perform work under this Contract.

Before any subconsultant not already identified in the Contract can perform any work under this Contract, the County shall provide written authorization to the Consultant. Authorization shall not be unreasonably withheld. Such written authorization shall be followed up with an amendment to the Contract.
4. Substitution of Personnel. The Consultant recognizes and agrees that if a change is made substituting or changing assigned personnel, the Consultant shall be responsible for any and all costs associated with "Transfer of Knowledge and Information". The Transfer of Knowledge and Information shall be defined to include the labor hours spent reviewing project documentation, participating in meetings with Project personnel, and participating in site visits to familiarize oneself with the Project and project location(s). The County shall not pay for any time spent for the "Transfer of Knowledge and Information".
- a. The Consultant shall provide sufficient advance notice of any intention to remove or reassign personnel.
 - (1) For individuals who are not identified as "Key Personnel" in Exhibit F, the Consultant does not need to provide advance notice to the Project Representative, provided however, the substituted individual's labor rate was approved in the contract, Exhibit B. The Consultant shall remove from the Project any personnel or subconsultant if, after the matter has been thoroughly considered by the County and the Consultant, the County considers such removal necessary and in the best interests of the Project and so advises the Consultant in writing.

SECTION 3. SCOPE OF WORK

- A. The County hereby retains the Consultant upon the terms and conditions contained herein to perform certain work and services on the Project. The work and services for the Project to be performed by the Consultant are set forth in Exhibit A, Scope of Work, attached hereto, and incorporated herein by this reference. The general Project Schedule is set forth in Exhibit C, attached hereto and incorporated herein by reference.
- B. The County may make available to the Consultant, without cost, copies of as-built plans, drawings, survey notes, studies, soil reports, maintenance and performance records, and other relevant data, and property descriptions of various County facilities related to the Project, which are readily available, and on file at the County. These documents are available solely as additional information to the Consultant and do not relieve the Consultant of its duties and obligations under this Agreement nor constitute any representation or warranty by the County as to conditions or other matters related to the Project. The Consultant may reasonably rely on the data contained in such documentation; however, the Consultant is responsible to perform a review of the data within thirty (30) calendar days of receipt of the data and notify the County immediately in writing of any perceived inaccuracies or discrepancies with the data. If, at a later time, the Consultant discovers any defects with the data, the Consultant shall immediately and in writing inform the County of such defects.
- C. It shall be the responsibility of the Consultant to gather and become familiar with all site information including existing improvements.

SECTION 4. CHANGES IN WORK

- A. Any direction from the County to perform work that results in an increase or decrease in scope, changes to the Total Price or Period of Performance, or changes impacting the Fixed Professional Fee shall be made only by an amendment prior to the work being performed. The Department Director or its designee is the only authorized County representative who may sign amendments. @ FOR ROADS ONLY: The terms Amendment may be used interchangeably with the term Supplement.
- B. In the event the Consultant identifies something that may impact the scope of work, Project Schedule and/or cost, ConsultantName shall inform the Project Representative within five (5) business days of the event and possible impacts to scope, schedule and cost. If appropriate, the parties shall execute an amendment.
- C. The Project Representative may, at any time, by written or oral directive require the Consultant to perform work consistent with the Contract's Scope of Work (Exhibit A); provided that this directive does not add scope or cost to the Project. If the Project Representative gives the Consultant an oral directive, the Consultant shall document the oral directive and provide the Project Representative with a copy of the documented oral directive within five (5) calendar days of the directive. A written or oral directive to the

Consultant from anyone other than the Project Representative is not binding on the County. The Project Representative may adjust the task budgets in the Cost Summary (Exhibit B) provided that the Total Price, Period of Performance, and/or the Fixed Professional Fee are not impacted or affected by the adjustment to the task budget. Adjustments to task budgets must be authorized in writing by the Project Representative prior to the work being performed and such authorization must specifically identify the task budgets impacted and the specific scope of work to be performed. Adjustments to task budgets are only authorized when the money is taken from a task budget where the work is complete and there is money remaining in the task budget. Any directive and any adjustment in the task budgets shall not constitute a change or entitle the Consultant to additional compensation or a time adjustment.

1. If the Consultant believes work identified in the directive and/or adjustment to a task budget is not within the Scope of Work (Exhibit A) and/or causes an increase or decrease in cost or time required for performance of any services under this Agreement, ConsultantName shall immediately, on behalf of itself or its subconsultants, and prior to performing any work, request in writing an equitable cost and/or time adjustment. Any request for an equitable cost and/or time adjustment shall be submitted to the Project Representative.
 - a. The Consultant shall not perform the work identified in the directive and/or adjustment to the task budget until the County and Consultant execute an amendment pursuant to this Section or the County issues a written letter denying the Consultant's request for an equitable cost and/or time adjustment.
 - b. After receiving the County's denial letter, even if the Consultant disagrees with the County's decision, the Consultant shall perform the work as indicated in the directive and/or task budget adjustment. If the Consultant disagrees with the County's denial, ConsultantName shall notify the Project Representative of its disagreement and the reasons for its disagreement within ten (10) calendar days of receipt of the County's denial letter and the Consultant shall submit in accordance with Section 19 a claim for equitable adjustment in writing to the Department Director's designee within thirty (30) calendar days from the date of receipt of the County's decision. The County shall identify the Department Director's designee for purposes of this paragraph and Section 19 in the County's denial letter. Failure to file a written claim for equitable adjustment shall constitute acceptance of the County's decision and shall waive the Consultant's right to additional compensation or a time extension.
- D. The County may, at any time, by written amendment direct the Consultant to make additions within the general scope of the services or work to be performed under this Agreement, delete portions of the Project, or revise portions of the work. Any changes within the general scope of work, which result in an increase or decrease in time of performance or cost, shall only be made by amendment. An amendment executed by the County and ConsultantName represents full and final agreement and resolution.

USE THE FOLLOWING CLAUSES FOR (FMD) ONLY

- E. It is King County's intention to complete this Project through construction and final acceptance. In addition to work performed under the BASIC and ADDITIONAL SERVICES of this Agreement, the Consultant may be requested in writing to perform extra or follow-on work to complete this Project. In such event, the parties hereto have the right to amend this Agreement to include these EXTRA SERVICES. The parties agree to negotiate the compensation for those EXTRA SERVICES on a lump sum basis,

which will include all reimbursable expenses and direct costs in connection with this Project. No EXTRA SERVICES, for which additional compensation will be sought by the Consultant, shall be furnished without the prior written authorization of the County. Any changes, including EXTRA SERVICES, to the general Scope of Work, which result in a change in time of performance or costs shall only be made by amendment.

The Consultant shall not, in the performance of the work under this Agreement, produce a design or specification which would require the use of structures, machines, products, materials, construction methods, equipment, or processes which the Consultant knows to be available only from a single source, unless the Consultant has provided a written justification for the use of a single source in writing and the County concurs.
- C. The Consultant shall not, in the performance of the work under this Agreement, produce a design or specification which would be restrictive or written in such a manner as to contain proprietary, exclusionary, or discriminatory requirements other than those based upon performance, unless such requirements are necessary to test or demonstrate a specific thing, or to provide for necessary interchangeability of parts and equipment. - A. Subject to the provisions set forth in this Agreement, the County will pay the ConsultantName on a monthly basis for authorized and satisfactorily completed work and services rendered under this Agreement. Progress payments shall be full compensation for work performed and services rendered, for all supervision, labor, supplies, materials, equipment or use thereof, taxes, and for all other necessary incidentals, but in no case shall the total progress payment(s) exceed the Total Price as defined herein.  - (2) A Labor Rate shall not exceed \$65.00 per hour except in exceptional and rare circumstances when the County, in its sole discretion, agrees to a Labor Rate over \$65.00.
 - (3) A Labor Rate of \$65.00 or greater shall not be increased during the Period of Performance, including all amendments, until the County increases its \$65.00 limitation on Labor Rates. In the event the County increases its \$65.00 limitation, the new labor rate limitation shall be applicable to this Contract and this provision shall apply to the new labor rate limitation.
 - (4) A Labor Rate increase must be based on an actual and verifiable increase in labor costs.
 - (5) The County has the right to refuse to pay unreasonable increases.
 - (6) The parties assume a @% (Not to exceed X%) escalation on Labor Rates starting @ MONTH< DATE< YEAR. The Consultant shall manage the

Labor Rates increases shall not be retroactive. Only services performed after the 45 day time period shall be billed at the new Labor Rate. The written notice of the Labor Rate changes is considered a part of the Contract documents and shall be incorporated into the Contract in the next amendment. Written notice shall contain the following information:
- (a) For each Labor Rate increase, identify the name of each individual, job title/position, old Labor Rate, new Labor Rate, percentage rate increase; projected hours for the remainder of the Period of Performance, and

 - (ii) The cumulative increases in Labor Rates will not exceed the funds allowed for escalation;
 - (iii) Labor Rate increases shall have no impact on the scope of work or Total Price;
 - (iv) The County will receive all services identified in the Scope of Work for the Total Price of the Contract.
 - c. The County or County's designee may audit the Consultant's books, records, and other supporting data relevant to the Labor Rate, including but not limited to other Contract rates, terms and conditions in order to evaluate and validate any rate increases or decreases. Should the County determine that the Labor Rate charged to the County is more than the Labor Rate paid to an individual, the County shall be entitled to a refund of the difference between the actual rate paid to the individual and the rate paid by the County plus associated fee on the Direct Labor Costs.
2. **Indirect Costs.** Indirect Costs shall be the Overhead Rate identified in the Cost Summary (Exhibit B) for the firm multiplied by the Direct Labor Rates for every allowable hour worked on the Project and billed by the individual.
- a. Overhead Rates shall not be modified prior to @ MONTH< DAY< YEAR. After @ MONTH< DAY< YEAR, any change in the Overhead Rates shall be effective for a minimum period of at least 365 calendar days. ConsultantName shall submit only one request per year that must include all changes to the Overhead Rate for ConsultantName and subconsultants.
 - b. Overhead Rates shall be increased or decreased based on the County's review and approval of audited Overhead Rate(s).

- (1) The Consultant shall provide the County, on an annual basis, a copy of its new audited overhead rate within 30 days of completion of the audit. The Consultant is further obligated to provide the County with sufficient information concerning its overhead rate, including but not limited to annual audited overhead rates, any actual or provisional federal (FAR) overhead rates, and additional information as requested to validate overhead costs.
- (2) When the County reviews requests to adjust Overhead Rates, the County will review and consider the actual historical overhead costs incurred by the firm with respect to Business & Occupational taxes; however, should the B&O tax percentage be increased or decreased, the County will make no adjustment to the Overhead Rate to account for future B&O taxes associated with costs for this Project.
- (3) The County or County's designee may audit the Consultant's books, records, and other supporting data relevant to the overhead rate, including but not limited to other Contract rates, terms and conditions in order to evaluate and validate any rate increases or decreases. Should the County determine that the Overhead Rate charged to the County is greater than the audited overhead rate for that fiscal period, the County shall be entitled to a refund of the difference between the rate paid by the County and the audited overhead rate.

DELETE THE SECTION IN PINK IF IT DOES NOT APPLY

- c. The County may pay an Associated Project Cost (APC) in addition to the Overhead Rate if, after reviewing sufficient auditable information, the County determines that costs included in the APC rate are clearly not included in the overhead rate.

In such cases, the Consultant shall coordinate with an artist's activities, review artist's work or otherwise participate in development of artist's work. If the work of art is such that competitive bidding for construction is required, the Consultant shall include the artist's bid documents with his own, as the County deems appropriate. The Consultant, however, assumes no liability for the documents or the construction of the work of art. The work required under this provision constitutes **ADDITIONAL SERVICES.**

OPTIONAL FOR FMD ONLY:

SECTION 24. MAXIMUM ALLOWABLE CONSTRUCTION COST ("MACC")

- A. The MACC is \$@ and is the total sum available for contract award excluding State of Washington sales tax, professional fees and changes in the Project. During all Phases of the work before the receipt of bids, the Consultant shall immediately notify the County in writing if the Probable Construction Cost exceeds the MACC.
- B. If at any time before bids are received it is determined that the MACC will be exceeded, the County shall have the right to direct the Consultant to make changes in the Project in areas designated by the County to the extent necessary to bring the Project within the MACC, and the Consultant's work in connection with such changes, including identifying, analyzing, preparing, designing and coordinating such changes, shall be a BASIC Service.
- C. The County may, at its option, based upon the Consultant's estimated cost of the work, increase the MACC. In this case, the Consultant may receive a fee increase, which in no case will exceed the difference between the existing contract amount and an amount determined by the factoring of the appropriate King County fee schedule percentage to the increased MACC.
- D. In order to secure the best possible bid price on construction, the Consultant will recommend and the County will approve items to be bid as additive alternates to the base bid. The Consultant will not receive additional fees for structuring the bid in this manner
- E. If the lowest responsible and responsive base bid exceeds the MACC, then the County shall first implement the itemized alternates, if any, to determine if any bid comes under the MACC and if so, the County will award the construction contract to that bidder if it is otherwise responsive and responsible as determined solely by the County. If all otherwise responsive bids, submitted by responsible bidders, exceed the MACC even after implementation of the listed alternates, then, the County shall have the right to direct the Consultant to revise the Construction Documents in order to bring construction cost within the MACC at no additional expense to the County. The County in this event agrees to cooperate with the Consultant and permit reasonable and necessary reductions in the scope of the Project.

IN WITNESS WHEREOF, the Parties hereto have caused this Agreement to be executed by their respective authorized officers or representatives as of the day and year written below.
