

ACEC Washington's Leadership Development Group (LDG)

The objectives and purpose of the LDG are:

To further and expand on ACEC's Core Competencies for Principals that focuses on leadership development

Provide education, information and resources to assist those that desire or aspire to develop, improve and strengthen their leadership and business acumen.

To help foster the next generation of consulting engineering leaders and relationships

To introduce and involve potential and aspiring leaders to ACEC

To provide a leadership network/support group

LDG Schedule of Speakers/Forums/Events:

Approximately bimonthly with the next speakers being in March and May 2010. Speakers, general topic, place, date and time will be announced approximately a month in advance.

Summer 2010 (July or August) social event under consideration

Fall 2010 speakers/leadership forums under consideration
